About the Arizona State Library, Archives and Public Records

The Arizona State Library, Archives and Public Records, a division of the Secretary of State, is committed to providing Arizonans access to information about their government, their state, and their world by offering content in a variety of formats, preserving Arizona's history for future generations, and empowering local institutions to engage their communities in learning. We value accessibility, preservation, customer service, community engagement, and collaboration.

With support from federal and state funding, Library Services are provided to Arizona residents through four branches:

- **Arizona Talking Book Library** continues the love of reading for Arizonans with visual, physical, and print disabilities by providing books, magazines and other library resources in alternate formats at no cost to eligible users.
- **E-rate** helps libraries obtain affordable bandwidth to access digital resources.
- **Library Development** empowers Arizona libraries to offer excellent customer service through consulting, grant funding, resources and training.
- **State of Arizona Research Library** connects Arizonans and people around the world to unique Arizona materials, including books, newspapers, periodicals, and maps available in print and online in the Digital Arizona Library.

This annual collection of Arizona Public Library Statistics gathered from the public and tribal libraries of the state is one of the resources provided by Library Development. The goal is that this data with a brief analysis and summary will assist libraries to:

- Analyze community needs.
- Plan services.
- Use data to inform budgets and grant applications.
- Track their data over time.
- Compare their data to that from other libraries serving similar populations.

Arizona Public Library Statistics are on the web at <https://azlibrary.gov/libdev/programs-services-and-tools/arizona-public-library-statistics>.

The Arizona State Library, Archives and Public Records provides these additional services:

- **Archives and Records Management** manage the state's programs to identify, collect, store and preserve state government information and public records.
- **Arizona Capitol Museum** uses a balance of technology, hands-on activities, historical artifacts, and public programs to help visitors learn about cultural, political and social history.

Observations and Trends

From the 2017-18 Arizona Public Library Data Survey

In 2018, Arizona public libraries provided access to 9.25 million books, CDs, and DVDs; almost 89,000 library programs; and 5,600 computers. In addition, they offered hundreds of thousands of e-books, audio books, and digital music files; thousands of periodicals; and access to online reference materials.

This report includes information on 90 public and tribal libraries, which operate a total of 225 library buildings and 10 bookmobiles. Approximately 94% of municipalities in Arizona have public libraries, as do many unincorporated areas. This report documents the services that Arizona libraries provide to their communities, and shows how Arizonans use those services.

Two of Arizona's public libraries experienced disasters in the summer of 2017, which caused them to close for all, or most, of the reporting period. The first, McNary Community Library in Navajo County, burned down on June 15. Exactly one month later, Phoenix Public's Burton Barr Central Library flooded on July 15 after a microburst caused severe damage to its roof and fire-suppression system. The City of Phoenix was able to open an alternative location halfway through the year, but Burton Barr is the largest branch library in the state. The impact of its closure is reflected in the data collected for this report, particularly affecting the other 16 branches in the Phoenix Public Library system.

The brief observations that follow are divided into sections on budget, staffing, collections, service measures and programs. The bulk of this report consists of statistical tables and definitions.

Budget

This year, operating revenue exceeded operating expenditures by almost \$10 million across the state. Total capital revenue and expenditures increased this year, with Pima County Public Library undertaking several renovation projects and Desert Foothills continuing the expansion project it began the previous year.

Local and county governments continued to provide 95% of the nearly \$200 million in operating revenue. While funding appropriated by the legislature for State Grants In Aid (SGIA) stayed level, overall reported state revenue increased almost 15% this year. Reported federal revenue during the same period fell 28% from 1.8 to 1.3 million.

Staffing

The total number of full-time library staff fell slightly this year, but the number of ALA-MLS librarians increased almost 5%. Librarians (with and without MLS degrees) now make up almost 29% of Arizona's public and tribal library staff members.

Collections

Libraries reported increases in physical holdings this year, although expenditures on physical and electronic collections fell slightly. Spending on electronic materials continued to account for more than 30% of collections expenditures.

Service Measures

Arizona libraries checked out almost 36 million physical items, including 10.6 million children's items. Electronic circulation continued to climb another 10% to 8.5 million e-books.

Libraries reported over 23 million visits this year, and 2.4 million reference transactions. The number of registered users held steady this year at close to 3.2 million.

Public internet computer usage was exceeded once again by the number of wireless sessions, likely at a far greater rate than has been reported. Although 207 libraries reported providing wireless internet access, 64 of those libraries did not report any wireless session information.

Programs

Children and young adult programs make up 60% of library programming. Attendance at the children's programs was virtually the same this year, but young adult program attendance increased 7.52%. Overall, both the total number of programs provided for all age groups and attendance increased in 2018.

Cautions and Considerations

For the purposes of this report, we calculate both "core population" and the population of the "legal service area." The "core population" excludes municipalities that may be within a county library district, but operate their own libraries; reservation populations if the library district has no branches on the reservation; and prison populations. Statewide per capita numbers are calculated using the total state population.

The Institute of Museum and Library Services is expected to release a national report on FY2018 in 2020. The information presented in this report, and the information presented in that future IMLS report, may have some minor differences. If a participating library indicates that they provide a service/collection, but doesn't have the information to respond to the data, IMLS imputes that data at the unit level. The imputed number is included in statewide totals and per capita number. For the purposes of this report, no imputed data has been included. If a library did not provide a response to a measure, a zero was calculated into the state total – which decreases the statewide total and creates a lower per capita number.

Historical Background and Finding Previous Data Sets

The Arizona State Library has been collecting public library statistics since at least 1966. The State Library joined with other state libraries in the U.S. beginning in 1989 to collect data at the national level. The national survey was administered by the National Center for Education Statistics, with the partnership of the National Commission on Libraries and Information Science, through 2007, and by the Institute of Museum and Library Services since then.

The survey includes both questions required by the federal survey, and Arizona-only questions that help Arizonans better understand how their libraries serve their communities.

Information from previous collections can be found in several places:

Reporting Period: July 1, 2017 to June 30, 2018

Deadline: November 12, 2018

Please Note: You can find all of these definitions in LibPAS by clicking on the respective question number.

The Arizona State Library, Archives and Public Records participates in a national public library data collection system known as the Public Library Data Survey. The purpose of this system is to ensure the collection of comparable data in all states. The data is used for planning, research, evaluation, and policymaking decisions by federal, state, and local officials, professional associates, researchers, educators, local practitioners, and other interested users.

Please complete one report for your library or library system. The first nine sections ask administrative entity (single-entity library or library system) questions about legal structure, staffing, revenue, expenditures, electronic access. Then, section 10 asks for outlet (building or bookmobile) information on library materials and services. County Librarians: please complete a report for the library district office.

Definitions are important to ensure comparability of data from different libraries and states. For the most part, these definitions have been agreed to on a national basis. It is critical that you read and respond according to the definitions.

Reporting libraries should not leave any items blank. You should enter "0" if the appropriate entry for an item is zero or "none." Enter zero if you do not have this item, or do not spend money on this budgeted item. If you do not know the answer, or do not collect this data, check -1 (negative one). Educated estimates are important if exact data is not available. Indicate that your figure is an estimate by entering a federal note.

Items that ask for dollar amounts must be rounded to the nearest whole dollar. However, items such as FTE staff and hours of service may be reported with up to two decimal places.

An * indicates that the question is part of the national survey, and the data is reported to the Institute of Museum and Library Services for inclusion in the national data set. Questions without an * are Arizona-only.

SECTION 3: CLASSIFICATION AND STRUCTURE

3.01 Interlibrary Relationship Code*

Select one of the following:

- HQ – Headquarters of a Federation or Cooperative. The library or entity that provides the physical space and staff who manage, coordinate, or administer the programs of the federation or cooperative.
Note: Agencies that serve other libraries rather than the public should not be reported to FSCS.
- ME – Member of a Federation or Cooperative. An autonomous library joined by formal or informal agreement(s) with (a) other autonomous libraries in the same state to perform various services cooperatively, such as resource sharing, communications, etc., and (b) libraries that are part of national, multi-state or statewide library federations or cooperatives. (Do not include OCLC.) Do not include multiple-outlet administrative entities (e.g., libraries with branches and that have the word “system” in their legal name) if the entity does not have an agreement with another autonomous library.
- NO – Not a member of a Federation or Cooperative.

3.02 Legal Basis Code*

The legal basis is the type of local government structure within which the entity functions. It reflects the state or local law, which authorizes the library. Select one of the following:

- CC – City/County. A multi-jurisdictional entity that is operated jointly by a county and a city.
- CI – Municipal Government (city, town or village). A municipal government is an organized local government authorized in a state’s constitution and statutes and established to provide general government for a specific concentration of population in a defined area.
- CO – County/Parish. An organized local government authorized in a state’s constitution and statutes and established to provide general government.
- LD – Library District. A library district is a local entity other than a county, municipality, township, or school district that is authorized by state law to establish and operate a public library as defined by FSCS. It has sufficient administrative and fiscal autonomy to qualify as a separate government. Fiscal autonomy requires support from local taxation dedicated to library purposes (e.g., a library tax).
- MJ – Multi-jurisdictional. An entity operated jointly by two or more units of local government under an intergovernmental agreement which a jointly appointed board or similar means of joint governance; to be distinguished from a library which contracts to serve other jurisdictions and from special library districts. Note: Please put city/county combinations under ‘CC’, rather than under Multi-jurisdictional.
- NL – Native American Tribal Government. An organized local government authorized and established to provide general government to residents of a Native American reservation.
- NP – Non-profit Association or Agency. An entity privately controlled but meeting the statutory definition of a public library in a given state; includes association libraries and libraries with 501(c) designation.
- SD – School District. An organized local entity providing public elementary, secondary, and/or higher education which, under state law, has sufficient administrative and fiscal autonomy to qualify as a separate government. Excludes “dependent public school systems” of county, municipal, township, or state governments.
- OT – Other.

3.03 Administrative Structure Code*

This code identifies an autonomous library entity (administrative entity) that has its own governance and funding.

An administrative entity is the agency that is legally established under local or state law to provide public library service to the population of a local jurisdiction. The administrative entity may have a single outlet, or it may have more than one outlet.

Select one of the following:

- MA – Administrative Entity with Multiple Direct Service Outlets where Administrative Offices are Separate. An administrative entity that serves the public directly with two or more service outlets, including some combination of one central library, branch(es), bookmobile(s), and/or books-by-mail only. The administrative offices are separate from the direct service outlets and do not provide direct library services.
- MO – Administrative Entity with Multiple Direct Service Outlets where Administrative Offices are Not Separate. An administrative entity that serves the public directly with two or more service outlets, including some combination of one central library, branch(es), bookmobile(s), and/or books-by-mail only.
- SO – Administrative Entity with a Single Direct Service Outlet. An administrative entity that serves the public directly with one central library, books-by-mail only, or one bookmobile.

3.04 FSCS Public Library Definition*

Answer <Y>es or <N>o to the following question: “Does this public library meet all the criteria of the FSCS public library definition?”

A public library is an entity that is established under state enabling laws or regulations to serve a community, district, or region, and that provides at least the following:

- ✓ An organized collection of printed or other library materials, or a combination thereof;
- ✓ Paid staff;
- ✓ An established schedule in which services of the staff are available to the public;
- ✓ The facilities necessary to support such a collection, staff, and schedule; and
- ✓ Is supported in whole or in part with public funds.

- CO2 – County/Parish (most nearly)
- MA1 – Metropolitan Area (exactly)
- MA2 – Metropolitan Area (most nearly)
- MC1 – Multi-County (exactly)
- MC2 – Multi-County (most nearly)
- SD1 – School District (exactly)
- SD2 – School District (most nearly)
- OTH – Other

3.06 Legal Service Area Boundary Change*

Answer <Y>es or <N>o to the following question: “Did the administrative entity’s legal service area boundaries change since last year?”

Note: Changes are likely to result, for example, when a municipality annexes land, when one municipality in a county becomes either an independent city or its own county necessitating its exclusion from the first county’s geography, or when an administrative entity contracts to provide public library service for some additional geographic area other than the geographic area for which it was established (e.g., a municipal library contracts to serve county residents).

3.07 Population of the Legal Service Area (State Supplied)*

The number of people in the geographic area for which a public library has been established to offer services and from which (or on behalf of which) the library derives revenue, plus any areas served under contract for which the library is the primary service provider.

Note: The determination of this population figure is the responsibility of the state library agency.

3.08 Number of Central Libraries*

This is one type of single outlet library (SO) or the library, which is the operational center of a multiple-outlet library (MO or MA). Usually all processing is centralized here and the principal collections are housed here. This is synonymous with main library.

Note: Each administrative entity may report either no central library or one central library. No administrative entity may report more than one central library. In the administrative entity file, this simply means reporting “0” or “1” for central library. Where two or more libraries are considered “centrals” for state or local purposes, one central library and one or more branch libraries should be reported to FSCS. If you wish to identify a central library in the outlet file, identify the library with the largest collection as the central library for FSCS purposes, and report all others as branches. Where there are several co-equal outlets and no principal collection, report all such outlets as branches, not central libraries.

3.09 Number of Branch Libraries*

A branch library is an auxiliary unit of an administrative entity which has at least all of the following:

- ✓ Separate quarters;
- ✓ An organized collection of library materials;

A database is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts) with a common user interface and software for the retrieval and manipulation of the data.	
Note: The data or records are usually collected with a particular intent and relate to a defined topic. A database may be issued on CD-ROM, diskette, or other direct access method, or as a computer file accessed via dial-up methods or via the Internet. Subscriptions to individual electronic serial titles are reported under Current Electronic Serial Subscriptions. Each database is counted individually even if access to several databases is supported through the same vendor interface.	
Report the number of licensed databases acquired through payment or formal agreement, by source of access:	
9.04 Databases: Local/Other Cooperative Agreements* (list in notes)	
This is the total number of databases made available based on the constraints listed above. Please list providers in notes if the information is available.	
9.05 Databases: State (State Supplied)*	
This is the number of databases the State Library supplies.	
9.06 Total Electronic Collections (Calculated)*	
This is the sum of Local/Other cooperative agreements, and State electronic collections.	
An electronic collection is a collection of electronically stored data or unit records (facts, bibliographic data, abstracts, texts,	

photographs, music, video, etc.) with a common user interface and software for the retrieval and use of the data. An electronic collection may be organized, curated and electronically shared by the library, or rights may be provided by a third party vendor. An electronic collection may be funded by the library, or provided through cooperative agreement with other libraries, or through the State Library. Do not include electronic collections that are provided by third parties and freely linked to on the web.

Electronic Collections do not have a circulation period, and may be retained by the patron. Remote access to the collection may or may not require authentication. Unit records may or may not be included in the library's catalog; the library may or may not select individual titles. Include electronic collections that are available online or are locally hosted in the library.

9.07 Successful Retrieval of Electronic Information

The number of full-content units or descriptive records examined, downloaded, or otherwise supplied to user, from online library resources that require user authentication but do not have a circulation period. Examining documents is defined as having the full text of a digital document or electronic resource downloaded or fully displayed. Some electronic services do not require downloading as simply viewing documents is normally sufficient for user needs.

Include use both inside and outside the library. Do not include use of the OPAC or website. [based on NISO Standard Z39.7 (2013) #7.7, p. 43]

9.08 Is your library part of a county or consortia e-resources group?

The group must include at least two libraries (not branches of the same system) and share the use of commercially purchased e-resources, including e-books and/or databases.

- Cochise County
- Coconino County
- Greater Phoenix Digital Library
- Little Libraries
- Navajo County
- Pinal County
- Southwest Valley

SECTION 9A: DOWNLOADABLE E-BOOKS

E-books are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). E-books are loaned to users on portable devices (e-book readers) or by transmitting the contents to the user's personal computer for a limited time. Include e-books held locally and remote e-books for which permanent or temporary access rights have been acquired. Report the number of electronic units, including duplicates, at the administrative entity level; do not duplicate unit count for each branch. E-books packaged together as a unit (e.g., multiple titles on a single e-book reader) and checked out as a unit are counted as one unit.

Vendor – List the vendor.

Consortium – Indicate whether the purchase is part of a consortial or collaborative purchase.

Units* -- Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Count electronic materials at the administrative entity level; do not duplicate numbers at each branch.

NOTE: For purposes of this survey, units are defined as "units of acquisition or purchase". The "unit" is determined by considering whether the item is restricted to a finite number of simultaneous users or an unlimited number of simultaneous

users.

Finite simultaneous use: units of acquisition or purchase are based on the number of simultaneous usages acquired (equivalent to purchasing multiple copies of a single title). For example, if a library acquires a title with rights to a single user at a time, then that item is counted as 1 “unit”; if the library acquires rights to a single title for 10 simultaneous users, then that item is counted as 10 “units”. For smaller libraries, if volume data are not available, the number of titles may be counted.

Unlimited simultaneous use: units of acquisition or purchase are based on the number of titles acquired. For example, if a library acquires a collection of 100 books with unlimited simultaneous users, then that collection would be counted as 100 “units”.

If the content is provided through a consortium, indicate all titles available to the reporting library.

Downloads* – The total number of downloads for the reporting library.

SECTION 9B: DOWNLOADABLE AUDIO BOOKS AND SECTION 9C: DOWNLOADABLE MUSIC

These are downloadable electronic files on which sounds (only) are stored (recorded) and that can be reproduced (played back) electronically. Audio – Downloadable Units may be loaned to users on portable devices or by transmitting the contents to the user’s personal computer for a limited time. Include Audio – Downloadable Units held locally and remote Audio – Downloadable Units for which permanent or temporary access rights have been acquired.

Vendor – List the vendor.

Consortium – Indicate whether the purchase is part of a consortial or collaborative purchase.

Units* -- Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. Downloads* – The total number of downloads for the reporting library.

SECTION 9D: DOWNLOADABLE VIDEO

These are downloadable electronic files on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver, computer monitor or video-enabled mobile device. Video – Downloadable Units may be loaned to users on portable devices or by transmitting the contents to the user’s personal computer for a limited time. Include Video – Downloadable Units held locally and remote Video – Downloadable Units for

which permanent or temporary access rights have been acquired.

Vendor – List the vendor.

Consortium – Indicate whether the purchase is part of a consortial or collaborative purchase.

Units* -- Report the number of units. Report only items that have been purchased, leased or licensed by the library, a consortium, the state library, a donor or other person or entity. Included items must only be accessible with a valid library card or at a physical library location; inclusion in the catalog is not required. Do not include items freely available without monetary exchange. Do not include items that are permanently retained by the patron; count only items that have a set circulation period where it is available for their use. If the content is provided through a consortium, indicate all titles available to the reporting library.

Downloads* – The total number of downloads for the reporting library.

SECTION 10A: OUTLET INFORMATION

This section asks for outlet (building or bookmobile) information on library materials and services.

If your library is a single outlet (has only one building and no bookmobile), you will complete one outlet record for the library.

If your library has multiple facilities, complete an outlet record for each central, branch, bookmobile and direct mail service. If your library has a separate administrative office that has collections or services to the public, be sure to complete an outlet record for the administrative office. If the administrative office does not have collections or services to the public, you don’t need to complete an additional outlet record.

IDENTIFICATION

10A.01 FSCS ID (IMLS Assigned)*

This is the identification code assigned by IMLS. Outlets are assigned the same FSCS ID as the administrative entity to which they belong, with a unique three-digit suffix added to distinguish each outlet.

10A.02 LIB ID (State Assigned)*

This is the state-assigned identification code for the outlet. Libraries may not edit this.

10A.03 Library Name*

This is the legal name of the outlet.

Note: Provide the legal name of the outlet. Do not use acronyms. Do not abbreviate the name unless it exceeds the WebPLUS field length of 60 characters. Avoid abbreviations at the beginning of the name and do not punctuate abbreviations.

10A.04	Main Number*
This is the telephone number of the outlet, including area code. Note: Report telephone number without spacing or punctuation. If the outlet has no phone, check "-3" (for "Not Applicable").	
<i>ADDRESS</i>	
10A.05	Street Address*
This is the complete street address of the outlet.	
Note: Do not report a post office box or general delivery. For a bookmobile that operates from an administrative entity, branch, or central library, report the address of the administrative entity, branch or central library from which it operates. For a bookmobile that is itself the administrative entity, report the address where the bookmobile is parked at night.	
10A.06	City*
This is the city or town in which the outlet is located.	
10A.07	ZIP Code*
This is the standard five-digit postal ZIP code for the street address of the outlet.	
10A.08	County*
This is the county in which the outlet is physically located.	
<i>CLASSIFICATION AND STRUCTURE</i>	
10A.09	Outlet Type Code*
<p>An outlet is a unit of an administrative entity that provides direct public library service. Select one of the following:</p> <ul style="list-style-type: none"> ▪ BM – Books-by-Mail Only. A direct mail order service which provides books and other library materials. Books-by-mail typically serves rural residents, the disabled, the homebound, and others without access to another type of public library outlet. Requests for materials are usually received by mail and by telephone only. Only books-by-mail services that are housed separately from any other type of direct public service outlet (that is, central library, branches, or bookmobiles) should be coded here. ▪ BR – Branch Library. A branch library is an auxiliary unit of an administrative entity which as at least all of the following: <ul style="list-style-type: none"> ✓ Separate quarters; ✓ An organized collection of library materials; ✓ Paid staff; and ✓ Regularly scheduled hours for being open to the public. ▪ BS – Bookmobile(s). A bookmobile is a traveling branch library. It consists of at least all of the following: <ul style="list-style-type: none"> ✓ A truck or van that carries an organized collection of library materials; ✓ A paid staff; and ✓ Regularly scheduled hours (bookmobile stops) for being open to the public. <p>Note: A separate outlet record may be created for each bookmobile. You may wish to create separate outlet records for individual bookmobiles if (1) they have different addresses and/or (2) they have different Metropolitan Status Codes. Alternatively, a bookmobile outlet record may include more than one bookmobile.</p> <ul style="list-style-type: none"> ▪ CE – Central Library. This is one type of single outlet library (SO) or the library which is the operational center of a multiple-outlet library (MO or MA). Usually all processing is centralized here and the principal collections are housed here. Synonymous with main library. <p>Note: Each administrative entity may report either no central library or one central library. No administrative entity may report more than one central library. If you wish to identify a central library in the outlet file, identify the library with the largest collection as the central library for FSCS purposes, and report all others as branches. Where there are several co-equal outlets and no principal collection, report all such outlets as branches, not central libraries.</p>	
10A.10	Square Footage of Outlet*

Provide the area, in square feet, of the public library outlet (central library or branch). Report the total area in square feet for each library outlet (central library or branch) separately. This is the area on all floors enclosed by the outer walls of the library outlet. Include all areas occupied by the library outlet, including those areas off-limits to the public. Include any areas shared with another agency or agencies if the outlet has use of that area.

10A.11 Number of Bookmobiles in the Bookmobile Outlet Record*

The number of bookmobiles in the bookmobile outlet record.

Note: A bookmobile outlet record may include one or more bookmobiles. Complete this data element only if the outlet record is of the type BS – Bookmobile(s). A bookmobile is a traveling branch library. It consists of at least all of the following:

- ✓ A truck or van that carries an organized collection of library materials;
- ✓ A paid staff; and
- ✓ Regularly scheduled hours (bookmobile stops) for being open to the public. County vehicles in use, not the number of stops the vehicle makes.

10A.12 Type of Internet Connectivity

Please select your library's PRIMARY Internet connectivity:

- Broadband over Powerlines (BPL)
- Digital Subscriber Line (DSL)
- Cable Modem
- Ethernet
- Fiber

If 'Other' is selected, please note what type it is in an annotation.

10A.13 Maximum Speed of Connection

Enter your library's connection speed:

- Less than 1.5 Mbps
- 1.6 Mbps – 5.9 Mbps
- 6.0 Mbps – 14.9 Mbps
- 15 Mbps – 24.9 Mbps
- 25 Mbps – 49.9 Mbps
- 50 Mbps – 99.9 Mbps
- 100 Mbps – 499.9 Mbps

10A.14 Wireless Internet Access

Please indicate whether this outlet offers wireless access to the Internet.

10A.15 Wireless Sessions – Annually*

Report the number of wireless sessions provided by the library wireless service annually.

10A.16 Public and Staff Wireless

Indicate whether the public wireless sessions provided are separate or in conjunction with staff usage.

SECTION 10B: OUTLET DATA

This section of the survey collects data on selected types of materials. It does not cover all materials (i.e., microform, scores, maps, and pictures) for which expenditures are reported elsewhere. Under this category report only items the library has

acquired as part of the collection, whether purchased, leased, licensed, or donated as gifts.

COLLECTION INFORMATION

10B.01 Print*

Report a single figure that includes the following:

Books in print. Books are non-serial printed publications (including music scores or other bound forms of printed music, and maps) that are bound in hard or soft covers, or in loose-leaf format. Do not include unbound sheet music. Include non-serial government documents. Report the number of physical units, including duplicates. For smaller libraries, if volume data are not available, count the number of titles. Books packaged together as a unit (e.g., a 2-volume set) and checked out as a unit are counted as one physical unit.

10B.02 Physical Audio*

These are materials circulated in a fixed, physical format on which sounds (only) are stored (recorded) and that can be reproduced (played back) mechanically, electronically, or both. Include records, audiocassettes, audio cartridges, audio discs (include audio CD-ROMs), audio-reels, talking books, and other sound recordings stored in a fixed, physical format. Do not include downloadable electronic audio files.

Report the number of units, including duplicates. Items packaged together as a unit (e.g. two audiocassettes for one recorded book) and checked out as a unit are counted as one physical unit.

10B.03 Physical Video*

These are materials circulated in a fixed, physical format on which moving pictures are recorded, with or without sound. Electronic playback reproduces pictures, with or without sound, using a television receiver or computer monitor. Video formats may include tape, DVD and CD-ROM. Do not include downloadable electronic video files.

Report the number of units, including duplicates. Items packaged together as a unit (e.g. two DVDs for one movie) and checked out as a unit are counted as one physical unit.

10B.04 Children's Print

This includes all materials for the ages of 0-11, consisting primarily of words and usually produced by making an impression with ink on paper. Included in this category are materials that did not require magnification: books, bound periodicals, government documents, Braille material, ephemeral material, and the like. Exclude current serial subscriptions and microforms.

10B.05 Other Children's Materials

All materials for ages 0-11 in any other format, for example: current serial subscriptions, microforms, machine readable materials, audiovisual materials and all other categories.

EXPENDITURES AND SUBSCRIPTIONS

10B.06 Expenditures (Children's Print)

These are expenditures for all materials for the ages 0-11, consisting primarily of words and usually produced by making an impression with ink or paper. Included in this category are materials that did not require magnification: books, bound periodicals, government documents, Braille material, ephemeral print materials, and the like. Exclude current serial subscriptions and microforms.

10B.07 Expenditures (Other Children's)

Expenditures for all materials for ages 0-11 in any other format, for example: current serial subscriptions, microforms, machine readable materials, audiovisual material and all other categories.

10B.08 Current Print Serial Subscriptions*

Current serial subscriptions are arrangements by which, in return for a sum paid in advance, serials are provided for a specific number of issues. Include current serial subscriptions in print, electronic, and digital formats.

Report the number of current print serial subscriptions, including duplicates, for all outlets. Examples of serials are

periodicals (magazines), newspapers, annuals, some government documents, some reference tools, and numbered monographic series.	
<i>LIBRARY AVAILABILITY</i>	
10B.09	Public Service Hours per Year*
<p>This is the number of annual public service hours for outlets (reported individually by central, branch, bookmobile and Books-by-Mail Only).</p> <p>Note: Include the actual hours open for public service for centrals, branches, and bookmobiles, and Books-by-Mail Only. For each bookmobile, count only the hours during which the bookmobile is open to the public. For administrative entities that offer ONLY books-by-mail service, count the hours that the outlet is staffed for service. Minor variations in public service hours need not be included. Extensive hours closed to the public due to natural disasters or other events should be excluded from the count.</p>	
10B.10	Number of Weeks a Library is Open*
<p>This is the number of weeks during the year that an outlet was open to the public.</p> <p>Note: Include the number of weeks open for public service for centrals, branches, bookmobiles, and Books-by-Mail Only. For each bookmobile, count only the weeks during which the bookmobile is open to the public. For administrative entities that offer ONLY books-by-mail service, count the weeks that the outlet is staffed for service. The count should be based on the number of weeks that a library outlet was open for half or more of its scheduled service hours. Extensive weeks closed to the public due to natural disasters or other events should be excluded from the count. Do not calculate based on total number of service hours per year at the outlet level. For example, by dividing total hours by 52 (weeks), round to the nearest whole number of weeks. If the library was open half or more of its scheduled hours in a given week, round up to the next week. If the library was open less than half of its scheduled hours, round down.</p>	
10B.11	Library Visits per Year*
<p>This is the total number of persons entering the library for whatever purpose during the year.</p> <p>Note: If an actual count of visits is unavailable, determine an annual estimate by counting visits during a typical week in October and multiplying the count by 52. A "typical week" is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or the library. Choose a week in which the library is open its regular hours. Include seven consecutive calendar days, from Sunday through Saturday (or whenever the library is actually open).</p>	
<i>REFERENCE AND CIRCULATION TRANSACTIONS</i>	
10B.12	Reference Transactions*
<p>Reference Transactions are information consultations in which library staff recommend, interpret, evaluate, and/or use information resources to help others to meet particular information needs.</p> <p>A reference transaction includes information and referral service as well as unscheduled individual instruction and assistance in using information sources (including web sites and computer-assisted instruction). Count Readers Advisory questions as reference transactions.</p> <p>Information sources include (a) printed and non-printed material; (b) machine-readable databases (including computer-assisted instruction); (c) the library's own catalogs and other holdings records; (d) other libraries and institutions through communication or referral; and (e) persons both inside and outside the library.</p> <p>When a staff member uses information gained from previous use of information sources to answer a question, the transaction is reported as a reference transaction even if the source is not consulted again.</p> <p>If a contact includes both reference and directional services, it should be reported as one reference transaction. Duration should not be an element in determining whether a transaction is a reference transaction.</p> <p>Note: It is essential that libraries do not include directional transactions in the report of reference transactions. Directional transactions include giving instruction for locating staff, library users, or physical features within the library. Examples of</p>	

directional transactions include, "Where is the reference librarian? Where is Susan Smith? Where is the rest room? Where are the 600s? Can you help me make a photocopy?"

If an annual count of reference transactions is unavailable, count reference transactions during a typical week or weeks, and multiply the count to represent an annual estimate. [If the sample is done four times a year, multiply totals by 13, if done twice a year multiply by 26, if done only annually, multiply by 52.] A "typical week" is a time that is neither unusually busy nor unusually slow. Avoid holiday times, vacation periods for key staff, or days when unusual events are taking place in the community or in the library. Choose a week in which the library is open its regular hours.

10B.13 Circulation Transactions (Physical)*

The total annual circulation of all physical library materials of all types, including renewals.

Note: Count all physical materials in all formats that are charged out for use outside the library. Interlibrary loan transactions included are only items borrowed for users. Do not include items checked out to another library.

10B.14 Circulation Transactions (Children's Materials)*

This is the total annual circulation of all children's materials in all formats to all users, including renewals.

LIBRARY PROGRAMS

A program is any planned event which introduces the group attending to any of the broad range of library services or activities or which directly provides information to participants. Programs may cover use of the library, library services, or library tours. Programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include film showings, lectures, story hours, literacy, English as a second language, citizenship classes, and book discussions.

Count all programs, whether held on or off-site, that are sponsored by or co-sponsored by the library. Exclude programs sponsored by other groups that use library facilities.

If programs are offered as a series, count each program in the series. For example, a film series offered once a week for eight weeks should be counted as eight programs.

Note: Exclude library activities delivered on a one-to-one basis, rather than to a group, such as a one-to-one literacy tutoring, services to homebound, resume writing assistance, homework assistance, and mentoring activities.

10B.15 Library Programs for Children (0-11)*

This is the number of programs held for young adults between the ages of 0-11.

A children's program is any planned event for which the primary audience is children and which introduces the group of children attending to any of the broad range of library services or activities for children or which directly provides information to participants. Children's programs may cover use of the library, library services, or library tours. Children's programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include story hours and summer reading events.

Count all children's programs, whether held on or off-site, that are sponsored or co-sponsored by the library. Do not include children's programs sponsored by other groups that use library facilities. If children's programs are offered as a series, count each program in the series. For example, a story hour offered once a week, 48 weeks a year, should be counted as 48 programs. Exclude library activities for children delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.

10B.16 Library Programs for Young Adults (12-18)*

This is the number of programs held for young adults between the ages of 12-18.

A young adult program is any planned event for which the primary audience is young adult and which introduces the group of young adults attending to any of the broad range of library services or activities for young adults or which directly provides information to participants. Young adult programs may cover use of the library, library services, or library tours. Young adult programs may also provide cultural, recreational, or educational information, often designed to meet a specific social need. Examples of these types of programs include book clubs and summer reading events.

<p>Count all young adult programs, whether held on or off-site, that are sponsored or co-sponsored by the library. Do not include young adult programs sponsored by other groups that use library facilities. If young adult programs are offered as a series, count each program in the series. For example, a book club offered every two weeks, 24 weeks a year, should be counted as 24 programs. Exclude library activities for young adults delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities. This figure is a subset of the Total Number of Library Programs.</p>	
10B.17	Library Programs for Adults (19 and Up)
<p>This is the number of programs held for adults ages 19 and up.</p>	
10B.18	Total: Library Programs (Calculated)*
<p>This is the calculated total for all programs entered.</p>	
10B.19	Story Time Programs for Children
<p>This is the number of story time programs held for children, primarily between the ages of 0-5. Count multi-age and family story times, if they are appropriate for children ages 0-5.</p>	
<i>LIBRARY PROGRAM ATTENDANCE</i>	
10B.20	Children's Program Attendance (0-11)*
<p>This is the number of people in attendance at programming for young adults ages 0-11.</p> <p>This number is not automatically calculated, so you may enter a number here even if you have entered one for the two questions above.</p> <p>The count of the audience at all programs for which the primary audience is children 11 years and under. Include adults who attend programs intended primarily for children. <i>Note:</i> Do not count attendance at library activities for children that are delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.</p>	
10B.21	Young Adults Program Attendance (12-18)*
<p>This is the number of people in attendance at programming for young adults ages 12-18.</p> <p>The count of the audience at all programs for which the primary audience is young adults aged 12 to 18 years and includes 18 year olds. Include adults* who attend programs intended primarily for young adults. <i>Note:</i> Do not count attendance at library activities for young adults that are delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, and mentoring activities.</p> <p>*Please count all patrons that attend the young adult programs regardless of age.</p>	
10B.22	Adult Program Attendance (19 and Up)
<p>This is the count of the audience at all programs for which the primary audience is adults. Include young adults and children who attend the programs intended primarily for adults.</p>	
10B.23	Total: Library Programs Attendance (Calculated)*
<p>This is the calculated value for all program attendance entered.</p>	
10B.24	Story Time Programs for Children Attendance
<p>This is the number of attendees at story time programs held for children, primarily between the ages of 0-5. Count attendance at multi-age and family story times, if they are appropriate for children ages 0-5. Include all attendees regardless of age.</p>	
<i>COMPUTER INFORMATION</i>	
10B.25	Number of Internet Computers Used by General Public*
<p>Report the number of the library's Internet computers [personal computers (PCs) and laptops], whether purchased, leased, or donated, used by the general public in the library.</p>	

10B.26 Uses (Sessions) of Public Internet Computers per Year*

Report the total number of uses (sessions) of the library's Internet computers in the library during the last year. If the computer is used for multiple purposes (Internet access, word-processing, OPAC, etc.) and Internet uses (sessions) cannot be isolated, report all usage. A typical week or other reliable estimate may be used to determine the annual number. Sign-up forms or Web-log tracking software also may provide a reliable count of uses (sessions).

Note: The number of uses (sessions) may be counted manually, using registration logs. Count each use (session) for public internet computers, regardless of the amount of time spent on the computer. A use (session) on the library's public internet computer(s) three times a year would count as three uses (sessions). Software such as "Historian" can also be used to track the number of uses (sessions) at each public internet computer. If the data element is collected as a weekly figure, multiply that figure by 52 to annualize it.

Reminder: This count includes only the library's Internet computers. Do NOT include Wi-Fi access using non-library computers.

SECTION 10C: OUTLET DATA (TOTAL)

This section allows you to check that you have entered all outlet data for collections and programs, and that it adds up to your library system total. You cannot edit these measures here; you must go back to the outlet records and correct them there. If there are edit checks, you will be prompted to respond here after you hit Verify or Final Submittal.
